Revised Sept 2014
**Information Guide for Waterfowling Practices in Rondeau Provincial Park and Rondeau Bay**

The objectives of the Rondeau Bay Waterfowlers Association (RBWA), in co-operation with Ontario Parks, the Ontario Federation of Anglers & Hunters and the Ministry of Natural Resources & Forestry is to:

1. Provide controlled public waterfowl hunting in Rondeau Bay.

2. Encourage and promote waterfowl hunting and undertake operations designed to aid in the protection and conservation of fish and wildlife and their natural habitats.

3. Assist with park projects that will enhance the park environment.

Hunters wishing to hunt waterfowl in Rondeau Bay should be aware a number of specific regulations and procedures governing this area. This information guide is produced to identify some of these regulations. This guide also discusses how the hunts are administrated and the necessary procedures to follow to hunt in Rondeau Bay. This guide is a summary of the regulations and is not an exhaustive list, all general laws and regulations still apply. Specific questions not answered in this guide should be directed to the Aylmer Ministry of Natural Resources & Forestry office: 519-773-9241.

Membership with the association may be granted upon payment of an annual fee as set from time to time by the Directors.

The affairs of the association will be managed by an elected Board of Directors. General meetings of the association shall be held the first Wednesday of each month. Newsletters and appropriate information will be posted at least four (4) times annually at our website: [www.rondeauwaterfowlers.com](http://www.rondeauwaterfowlers.com).

An annual dinner will be in held in August to help raise funds for activities that the RBWA undertakes within the Park and the community. Please visit our website for further information. Volunteers are encouraged to step forward as our association is volunteer-based.

Yours in conservation,

Rondeau Bay Waterfowlers Association

Section 6.0: Map of A-Zone & B-Zone Boundaries ............................... p. 17
Section 1.0: General Information

1. There are two zones in which hunting is permitted in Rondeau Bay; A-Zone (within Rondeau Provincial Park) and B-Zone (see Map page 14 for specific boundaries).

2. Hunters wishing to hunt in Rondeau Bay require a valid Migratory Game Bird Hunting Permit, Ontario Outdoors Hunting Card including a small game licence, and the applicable A-Zone or B-Zone Hunting Permit. Also, hunters driving into the park at any time will be required to purchase and present a valid Rondeau Provincial Park vehicle pass (daily or seasonal).

3. Hunting in Rondeau Bay is permitted ONLY on Mondays, Wednesdays, Fridays, and Saturdays throughout the regular scheduled Migratory Bird Hunting Season. This applies to both A-Zone and B-Zone.

4. Rondeau Bay is closed to hunting Migratory Game Birds beyond 300 metres from the shore, from an area of emergent vegetation or from a water line that forms a boundary of private property. In other words, this creates a large area within the centre of Rondeau Bay which is closed to hunting, providing a resting area for the birds.

5. To hunt in A-Zone, a daily A-Zone Hunting Permit is required (See Section 2 for A-Zone information). To hunt in B-Zone, a seasonal B-Zone Hunting Permit is required (see Section 3 for B-Zone information).

6. To hunt in A-Zone, each hunter will present a valid Migratory Game Bird Hunting Permit (MGBHP), Wildlife Habitat Conservation Stamp, and an Ontario licence to hunt small game to the attendant on duty in the Rondeau Bay Waterfowl Unit and fill out a daily hunt card. In return they will be issued a daily “A-Zone” Hunting Permit; this permit must be kept on the hunter’s person for the duration of the hunt. At the conclusion of their hunt, hunters must return to the Waterfowl Office and present all birds for identification and statistical recording.

7. Any hunter(s) found to be intoxicated will not be issued a permit.

8. Firearms must be encased at all times except when at the designated blind or shooting point. Shotguns ONLY may be used.

9. While in the Provincial Park, dogs must be under control and leashed. This does not apply when at the blind location.

10. The number of hunters within the A-Zone blinds and shooting stakes are restricted. Please see A-Zone Map to familiarize yourself with these locations. Box Blinds are a maximum of 2 hunters and Shooting Points are a maximum 3 hunters.

11. In A-Zone, hunters must be within 10 metres / 33 feet of Shooting Points. Hunters must hunt from the Box Blind provided.

12. During the regular waterfowl season, hunting is permitted all day Monday, Wednesday, Friday, and Saturday, according to the regulations governing waterfowl hunting in Ontario.
13. As a point of courtesy, it is suggested that you call the Rondeau Bay Waterfowl Unit (519-674-1775) when vacating your blind so anyone interested in hunting that particular blind for second shoot / resell can begin to make arrangements for their hunt.

14. Rondeau Provincial Park is a multi-use park and hunting is just one of the many activities permitted. Hunters are requested to conduct themselves in a manner that is respectful of other park users.

15. **Remove all garbage** and empty shotgun shell hulls (casings) from your hunting location and dispose of them in an appropriate manner. Failure to do so is an offence under the *Provincial Parks and Conservation Reserves Act, 2006* and the *Public Lands Act*.

16. It is suggested that you check blind locations and conditions prior to the opening day lottery to avoid any possible disappointments. Weather conditions and water levels may have an impact on certain blinds.

### Section 1.1: Fees

1. **Rondeau Bay Waterfowl Association Memberships:**
   a) Adult Membership: $20.00 *with valid, current OFAH Number*  
   - $55.00 for RBWA and OFAH
   b) Youth Membership: $20.00 (O.F.A.H. included 16 years of age and under)
   c) Family Membership: $20.00 (immediate family) *with valid, current OFAH Number*  
   - $65.00 for RBWA and OFAH

2. **A-Zone Daily Hunt Permit**  
   - $10.00 for member / day  
   - $15.00 for non-member / day  
   - $90.00 for 10 hunts during the season (members)  
   - $130.00 for 10 hunts during the season (non-members)

3. **B-Zone Seasonal Permit:**  
   - $20.00 (valid to match migratory bird season.)

4. **B-Zone Blind Permit:**  
   - $20.00

5. **Reservation Cancellations/No Shows:** $15.00 charged to all & must be paid prior to next hunt
Section 1.2: Dates to Remember

1. On the third (3rd) Saturday of September:
   a. From 8:00 am until 12:00 pm (noon); this time will be scheduled for work parties to complete any required maintenance on the blinds in A-Zone.
   b. From 12:00 pm (noon) until 2:00 pm; the A-Zone Blind Lottery sign-up will take place.
   c. At 2:00 pm the A-Zone Blind Lottery for opening day will begin.

2. The morning of the second (2nd) Saturday during the open waterfowl season, A-Zone is closed to the general public. This provides the opportunity to accommodate the annual Youth Hunt. A-Zone re-opens in the afternoon (2:00pm) to the general public and blind allocations are processed by the traditional lottery (for information on the Youth Hunt please visit our website: www.rondeauwaterfowlers.com). Starting in 2015, we will be hosting our Youth Hunt on “Waterfowl Heritage Day”.

3. On the first Wednesday of each month the Rondeau Bay Waterfowlers Association will meet at 7:00 pm at the Rondeau Rod & Gun Club. All members are invited and encouraged to attend.

4. Rondeau Bay Waterfowlers Association is proud to host a fundraising dinner on the 4th Saturday of August. All are welcome.

5. B-Zone blinds must be removed from the waters of Rondeau Bay as soon as possible but no later than March 15th. For more information see Section 3.0 B-Zone Information or contact the Rondeau Bay Waterfowlers Association.

Section 2.0: A-Zone Opening Day Procedures

The following procedures are for the opening day allocation of the “A-Zone” blinds at the Rondeau Waterfowl Management Unit.

Prospective opening day hunters should note the following:

1. Opening day blind allocation will be conducted by the means of lottery draw to be held at 2:00 pm sharp on the Saturday previous to opening day of the waterfowl season. The draw will take place at the Rondeau Bay Waterfowl Unit within Rondeau Provincial Park.

2. Prospective hunters may make an application to enter the blind allocation lottery draw between noon and 2:00 pm on this Saturday. Application forms will be available at the
Rondeau Bay Waterfowl Unit. Applicants will be required to enter names, addresses and licenses and the number of hunters.

3. In order to be eligible for the lottery, applicants must be prepared to show possession of a valid Migratory Game Bird Hunting Permit and an Ontario Outdoors Hunting Card including a small game licence.

4. Upon completion of the application form, a number will be issued to the applicant. This is the number that will be used in the lottery draw.

5. After 2:00 pm on Saturday of the draw, no additional applications will be received. At this time the lottery draw will begin. No duplication of applications / names will be accepted (meaning two different names of same party hunting together on the opening day) and any such misuse of the system will result in the application(s) being removed from the lottery.

6. At 2:00 pm sharp on Saturday the lottery draw for the opening day blind allocation will commence. The first party selected will be given the first opportunity to choose an available blind; the second party selected will be given the second opportunity and so on until all available blinds are allocated. The parties will be able to select either a morning hunt or an afternoon hunt. Morning hunters SHALL be back to the Waterfowl Management Unit office by 2:00 pm the day of the hunt. Afternoon hunters MAY NOT depart from the Waterfowl Management Unit office for their blinds before 1:30 pm.

7. Once a blind has been allocated, an A-Zone daily waterfowl permit will be issued to each person who was successful in obtaining a blind for the initial hunt on opening day.

8. The re-selling of blinds for opening day will be allowed on a first-come first-serve basis after the first hunt is complete. Hunters expecting to participate in any resale opportunities must notify the waterfowl unit office upon their arrival on opening day and be in the immediate vicinity of the Waterfowl Unit Office at the time of resale.

9. The re-selling of blinds will follow the lottery ranking of those who are present and the ranking of the party will not be affected by passing / rejecting or missing any particular resale opportunity (you don’t lose your place in line if you don’t want to hunt the blind up for resale).

10. There will be no first-come first-serve hunting on opening day until all lottery participants have been accommodated.

11. All hunters must return to the RBWU at the conclusion of their hunt and present their game for identification and statistical recording. Failure to return may result in the loss of future hunting opportunities.

12. The Rondeau Bay Waterfowl Unit will be open at 4:00 am on Opening Day.
Section 2.1:  A-Zone Daily Blind Allocation Procedures

The following procedures are for the allocation of “A-Zone” blinds at the Waterfowl Unit, excluding opening day (see section 2.1 for opening day procedures).

1. The Rondeau Bay Waterfowl Unit (RBWU) will open on each hunting day. (This is subject to change and it is the hunter’s responsibility to check any postings that may affect the operational hours of the RBWU office. e.g. ice conditions)

2. The morning draw times will be changing as follows:
   a) From Opening Day until Saturday November 8, 2014 the draw time will be 4:30 am with the RBWU opening at 4:00 am
   b) Starting on Monday November 10th, the draw will be at 5:00 am with the RBWU opening at 4:30 am.
   c) Starting on Monday December 1st, the draw will be at 5:30 am with the RBWU opening at 5:00 am.

3. Present hunting parties are able to make an application to participate in the lottery draw for a blind allocation choice. This procedure, combined with reservation holders, which are also present (see section 2.3 for reservation information), will provide the blind choice standing for the initial hunt.

4. Allocations of blind choice for the initial hunt will proceed according to the following system:
   a. Blind Choice
      
      #1 – First Lottery winner
      #2 – First Reservation
      #3 – Second Lottery Winner
      #4 – Second Reservation
      #5 – Third Lottery Winner
      #6 – Third Reservation
      etc.

   Reservation holders not personally present at the time of allocation will be considered “no shows”, and will be removed from the initial allocation and will be charged the registration fee. All reservations behind the “no show” will be moved up one position in the ranking (i.e. if #2 Reservation is a “no show” then #3 Reservation moves into the #2 Reservation spot).

5. The assigning of blind choice standing by lottery will continue until all hunters present at the time of the lottery have received a choice standing. In the event that the number of hunters present exceeds the number of blinds available for the initial shoot, the blind
choice standing will be used to determine order of allocation for any subsequent hunt opportunities as blinds are vacated.

6. Hunters arriving after the conclusion of the lottery draw will be assigned a blind choice standing in relation to their order of arrival. These hunters will not be accommodated until after all lottery participants have accepted or rejected a blind.

7. When initial shoot participants vacate blinds, blinds will be resold according to the blind choice standing. It is the hunter’s responsibility to be personally present at the Rondeau Bay Waterfowl Unit at the time a resale blind becomes available.

8. Missing or rejecting a particular resale blind opportunity will not affect the blind choice standing for any subsequent opportunities (you don’t lose your place in line if you don’t want to hunt the blind up for resale).

9. All hunters must present a valid Rondeau Provincial Park vehicle pass (daily or seasonal) and complete a registration card before participating in any A Zone draw.

10. Hunters should be prepared to choose their blind quickly by referring to the location map and the registration board that indicates which blinds are already occupied. Both resources are posted in the Rondeau Bay Waterfowl Unit.

11. All hunters must return to the RBWU at the conclusion of their hunt and present their game for identification and statistical recording. Failure to return may result in the loss of future hunting opportunities.

Section 2.2: A-Zone Blind Reservation Allocation Procedures

Note: Hunting is only permitted on Mondays, Wednesdays, Fridays, and Saturdays between one half hour (½ hr) before sunrise and one half hour (½) after sunset.

In order to provide prospective waterfowl hunters with an opportunity to obtain a blind on a specific hunting day, five (5) reservation spaces are available for each hunting day except opening day. The procedures are as follows:

1. Reservation application forms may be obtained during the hunting season from the Rondeau Bay Waterfowl Unit Office located in the park or from our website. Applications may be dropped off at the RBWU Office or mailed to:
   RBWA
   c/o 18050 Rondeau Park Road
   Morpeth, ON N0P 1X0

2. Hunters should ensure that all information requested on the reservation application is completed. Incomplete applications will not be accepted.
3. Reservation applications must be received at the Rondeau Bay Waterfowl Unit Office no later than two (2) weeks prior to the requested hunt date. Applications received after this time will not be considered.

4. No money is to be remitted with the reservation application. Hunters whose reservations are confirmed will purchase the daily waterfowl hunting permit on the day of the hunt. After the draw has been made all “cancellations” and “no shows” will be charged $15.00 which must be paid prior to hunting in A-Zone again.

5. All reservations received for a particular hunting day will be assigned a number and entered in a special lottery draw to determine the successful applications and their order of blind choice. Confirmation can be received by calling the Rondeau Bay Waterfowl Unit (519-674-1775).

6. Hunters must report to the attendant on duty at the Rondeau Bay Waterfowl Unit by the time of the morning draw on the day of the hunt in order to secure their reservation choice. Hunters will be considered “no show” and their reservation cancelled if they are not present at the time of blind allocation. See Section 2.1 subsection 2 for morning draw times.

7. A confirmation reservation guarantees the applicant(s) a blind selection standing. It does not guarantee the reservation holder any particular blind. Please refer to Section 2.2 Daily Blind Allocation A-Zone Procedures for an explanation on how blinds are allocated.

8. Any hunter with three (3) or more cancellations will be disqualified from any further reservation draws for the remainder of the season.

Section 2.3: A-Zone Second Shoot / Resell Procedures

When a blind becomes vacant (after a hunter from the initial draw has concluded the hunt) it will become available for second shoot or resell. The following will outline the procedures for second shoot / resell:

1. The attendant working the Rondeau Bay Waterfowl Unit will keep a list of hunters for the second shoot / resell. The first hunter who notifies the office of their interest for second shoot / resell will be first on the list; the second hunter to notify will be second on the list and so forth.

2. Every hunter waiting for a second shoot / resell opportunity will be responsible for making sure their name is on the list.

3. A blind becomes available for second shoot / resell when the initial hunter notifies the office that he/she is finished hunting for the day.

4. The first hunter on the list has the first choice on the available blind. If they wish to hunt it they may, if not, they may defer this choice while still maintaining their position on the list. The second hunter now has a choice to hunt the blind, and he/she may defer this choice while still maintaining their position on the list and so forth.
5. Having standing on the second shoot / resell list does not guarantee a blind choice (initial blind holders may remain at the blinds throughout the legal hunting day).

6. Any hunter from the initial lottery may forgo their initial choice and be added to the second shoot list. (Each hunter is responsible for making their intentions known to the office staff.) Hunters are not allowed to add their names to the second shoot / resell list until the initial lottery has finished or they forgo their initial blind choice from the lottery (meaning you may not be in possession of a blind and be on the second shoot / resell list).

7. The hunter(s) must be personally present in the office at the time of resale of the blind. For the sake of courtesy the office area will include the washroom, or parking lot of the Rondeau Bay Waterfowl Unit. If the hunter is not present in these areas he/ she will lose their position on the list and will have to re-register when they return. Please inform the office staff if you will be using the lavatory to avoid any mishaps.

8. Registered hunters in A-Zone may switch blinds by contacting the RBWU via cell phone or radio only if hunters present on the second shoot / resell list decline the blind in question. A hunter may not change blinds by means of sending a message back to the RBWU through a third party in any circumstances.

9. The second shoot / resell list will be kept until the end of the hunt day. When the staff in the Rondeau Bay Waterfowl Unit changes for the day, the order of hunters waiting for second shoot / resell will remain the same.

Section 3.0:  B-Zone Information

1. The area in Rondeau Bay described as “B-Zone” provides additional opportunity for hunters wishing to hunt and / or erect a blind for waterfowl hunting. Specific and regular regulations apply. Hunting is only permitted on Mondays, Wednesdays, Fridays, and Saturdays one half hour (1/2hr) before sunrise through to one half hour (1/2) after sunset.

2. A B-Zone Blind Permit is required to erect a temporary blind in the B-Zone hunting area. (Please see Section 3.1 B-Zone Blind Permit Allocation Procedures for information on obtaining this permit.)

3. Rondeau Bay is closed to hunting Migratory Game Birds beyond 300 metres from the shore, from an area of emergent vegetation or from a water line that forms a boundary of private property. In other words, this creates a large area within the centre of Rondeau Bay which is closed to hunting, providing a resting area for the birds.

Section 3.1:  B-Zone Permits
1. Seasonal B-Zone Waterfowl Permits are required to hunt this area and are available at Barney’s Boats in Erieau, RBWU, or the Rondeau Provincial Park Office.

2. Anyone wishing to erect a blind in “B-Zone” must obtain a Seasonal B-Zone Waterfowl Permit, register the blind and obtain a permit to erect a blind (B-Zone Blind Permit). Location choices for blinds are chosen by a first come first served line up. (Please see Section 3.2 B-Zone Blind Allocation Procedures). The hunter(s) must indicate the location of the proposed blind at the time of registration. No blind may be erected before obtaining the B-Zone Blind Permit and until the Tuesday after Labour Day.

3. Hunters entering the park are required to have the appropriate vehicle entry permit (see Section 1 General Information on Hunting in Rondeau Provincial Park).

4. Some of the land under the “B-Zone” hunting area is privately owned. Obtaining a B Zone Blind Permit does not allow the permit holder to erect a blind within a water lot on private land.

5. **IMPORTANT:** B-Zone blinds must be removed from Rondeau Bay as soon as possible but no later than March 15th. The rationale for this is to ensure that the blind and materials are removed from the water which could become a boating hazard. Also landowners adjacent to these blinds should not be subject to materials washing ashore after ice out.

**Section 3.2: B-Zone Blind Permit Allocation Procedures**

The procedures for acquiring a B-Zone Blind Permit are as follows:

1. On the Friday of Labour Day weekend from 7:00-10:00 pm the staff at the Rondeau Waterfowl Unit Office will issue B-Zone Blind Permits to erect a blind in order of the individual’s position in the lineup. The Waterfowl Office will also be open on Saturday morning from 8:00-10:00 am for the purchase of B Zone blind erect permits.

2. The lineup may begin on the Friday 12 am (Thursday Midnight) before the first Friday in September.

3. Upon arrival at the line up outside the RBWU Office each individual intending to purchase a B-Zone Blind Permit must sign in with the attendant. You must have proper Provincial Park Vehicle Permits for the duration of your line up stay.

4. The person must remain within the immediate vicinity of the RBWU Office until he/she purchases their B-Zone Blind Permit on Saturday; failure to remain in line will result in loss of position in line.

5. Every person in line may only purchase one B-Zone Blind Permit, if you would like a second permit you must return to the end of the line.
6. To purchase a B-Zone Blind Permit, a Seasonal B-Zone Permit, a valid Outdoors Card including a small game licence along with a valid Migratory Game Bird Stamp and Permit are required.

7. Once issued a permit to build a blind the individual will be required to indicate where they plan on positioning their blind on the B-Zone Map located at the Rondeau Waterfowl Unit Office. No blind may be erected before obtaining the B-Zone Blind Permit and until the Tuesday following Labour Day.

Section 4.0: Summary of Offences Related to Hunting in Rondeau Provincial Park and/or Rondeau Bay

While in Ontario Provincial Parks there is one general concept all should abide by: Have respect and consideration for fellow visitors and the park environment. The Provincial Parks and Conservation Reserves Act, 2006 and other legislation governing activities and behaviour in provincial parks are enforced by Park Wardens, Conservation Officers, and Police Officers. The following table illustrates only some of the common offences which apply to hunting in Rondeau Provincial Park and/or Rondeau Bay; it is not intended to be a complete list of laws and regulations.

Please note, that you are required to comply with the guidelines and practices in the “Information Guide for Waterfowling Practices in Rondeau Provincial Park and Rondeau Bay (the Guide). By the authority granted to the Superintendent, Rondeau Provincial Park, who is an agent of the Ontario Ministry of Natural Resources & Forestry and the occupier of the said provincial park, you may be prohibited from future entrance and use of Rondeau Provincial Park for any purpose whatsoever, should you not be in compliance with the Guide.

Further be advised that should you enter the premises when entry is prohibited you would be guilty of an offence and on conviction is liable to a fine of not more than $2000 as provided by section 2 of the Trespass to Property Act.

** Fines do not include victim fine surcharge **
